trips

24 Primary Play Day

26 Last Day of
School

In Other News...

This week our track and field participants enjoyed some beautiful weather and great competition. Our teams excelled and did Phillips proud!

A QR code will be made available (in a separate email) in case you want to order a whole-school picture taken for our 100th celebration.

This week our grade 6 students took their EQAO tests. Except for a couple students who were absent and need to catch up next week, all our grade 3s and 6s have completed this Ministry test. Results will come early fall and will give you a snapshot of how your children are progressing. Of course, report cards are a much more detailed and personal reflection of learning. Today, a PA day, teachers are working on report cards.

This week we met the VP who will be starting with us at the beginning of July. Her name is Samantha Campbell. She is excited to join us and is full of energy!

Mrs. McCulloch and Mrs. Desveaux are retiring at the end of this school year. We are so sad to say good-bye, but wish them nothing but the best in the next chapter of their lives. Yesterday, staff gathered after school, along with many other previous staff, family and friends, to celebrate their many years of impact in our school community.

Next Thursday (weather permitting), our student leadership team will be sponsoring and leading a "water day". Students will come outside by grade/division for some fun activities, many involving water. Students should wear clothes they don't mind getting wet (no bathing suits please), and bring towel and a change of clothes.

Centenary Celebration

What a wonderful success this monumental day was! A huge thank you to all who helped plan and execute this successful celebration. Our Centenary Committee worked all year, and the all day to make this an extra-special day. Sales of booklets, photos, etc. continue as we finish up the year. We will also purchase a time capsule, fill it and bury it so it can be opened at the next significant milestone.
