## Fall Festival

Thank you to our Fall Festival SCC Committee, all volunteers, vendors, staff and students who contributed to a stunning day of family fun! All the proceeds go back into our school, providing opportunities for student enrichment and special events!

## School Goals

Our staff met on Monday of this week and we have concrete plans to work on our school goals.

1. **Punctuality and attendance** will be monitored, encouraged and celebrated in each room. *As a school, we now have only 75% of students attending school consistently. While this sounds like a lot, in fact one out of every four students has inconsistent attendance. We want everyone coming on time and regulary to school.*
2. **Self-Regulation** as defined by the elementary school report card will be specifically taught and assessed, starting with goal-setting and follow-through for improvement. We want our students to learn about their own strengths and needs and focus on areas that need attention.

Family members can assist by talking about these goals at home, and reinforcing the steps for improvement with your children.
